Exercise 1: HTML Resume

Due Date: 2/06/19 by 6:00pm via email

Project Description

You will be making an HTML version of your professional or activity resume using basic HTML formatting tags (paragraph, bold, italic, underline, break tags) within Adobe Dreamweaver.

Objectives

To familiarize yourself with basic HTML tags that we will build upon in following lectures to build a solid foundation of how to use HTML to produce professional grade websites.

Time Management

This is considered to be a homework assignment to be completed outside of class time. You can ask me questions about the assignment in class or outside of class.

Steps

1. Format your current professional resume or activity resume in a Microsoft Word (.doc) file. No personal logo is needed.
2. Format your resume into an HTML document inside of Dreamweaver using paragraph, bold, italic, underline and break tags (see HTML tags and the HTML resume example below).
Note: You do not need to format the text color, fonts, sizes.
3. Check your resume HTML file by dragging it into a browser to make sure your formatting looks as desired
Submit to my email behauser@cazenovia.edu by 2/06 at 6pm.

HTML Tags
