Tues. & Thurs. 6:00 PM – 8:50 PM
119 Reisman Hall

Exercise 3: CSS Styling

Due Date: 3/11/19 by 6:00pm via email

Exercise Description

For your homework you will be applying CSS styling to the HTML web page you created as part of Exercise 2 using CSS styling concepts we went over in class. The purpose of this assignment is to help you grasp how CSS is directly correlated to HTML pages and makes all of the website styling fall into place.

Objectives

Becoming familiarized with linking CSS style sheets to HTML and applying CSS formatting to your HTML document.

Time Management

This is considered to be a homework assignment to be completed outside of class time. You can ask me questions about the assignment in class or outside of class.

Steps

1. Create a folder and label it **Exercise 3**, this will be your site folder.
2. Inside of your Exercise 3 folder copy in the HTML file you submitted as part of Exercise 2
3. Create a new CSS file in Dreamweaver and name it **style.css**.
4. Attach your newly created CSS file to your HTML file. (See **Intro to Dreamweaver** lecture on the class website if you need help.)
5. Add the following elements to your CSS file in Dreamweaver:

Body

- Add a background color of your choice

Wrapper

- Add a width of 970 pixels
- Add a margin of 0px auto

Header

- Add a height of 100 pixels
- Add a background color of your choice
- Add a text color of your choice

Navigation

- Add in a background color
- Add in a height of 50 pixels
- Make the text to be aligned center

VC 375 – Web Design I

Tues. & Thurs. 6:00 PM – 8:50 PM
119 Reisman Hall

Navigation Unordered List with List Items

- Choose a font family
- Choose a font size
- Choose a font color
- Add a font weight of bold
- Make the navigation display inline-block
- Make the text decoration to be none
- Add a padding left of 20 pixels to space out navigation

Content

- Add padding to the left and right sides, how much of your choice
- Choose a font family
- Choose a font size
- Choose a font color
- Choose a line height

Footer

- Add a background color
- Choose a font family
- Choose a font size
- Choose a font color

3. **Email your site folder that contains your completed HTML file from Exercise 2 and your Exercise 3 CSS file to me at behauser@cazenovia.edu by 6pm on 3/11.** Assignments received after 3/11 at 6pm will be considered late and there will be a 10% grade deduction. The assignment will be a grade of 0 if not submitted by the following class day.

CSS Elements & Attributes

Standard CSS Div Styling	<pre>#wrapper { width: 970px; margin: 0px auto; }</pre>
Background Color	background-color: #000000;
Width	width: 970px;
