

VC 475 – Web Design II

Cazenovia College – Spring 2019
Professor Brian Hauser

Mon. & Weds. 6:00 PM – 8:50 PM
119 Reisman Hall

Exercise 3: jQuery Slideshow

Due Date: 3/25/19 by 6:00pm via email

Exercise Description

For your homework you will be creating and customizing a slideshow using HTML, CSS and a Javascript library and images of your choosing. The purpose of this assignment is to get you started working with Javascript functionalities that you can implement into your website and to reinforce content covered in class.

Objectives

Becoming familiarized with coding and customizing website slideshows and learn how to implement them into your future websites.

Time Management

This is considered to be a homework assignment to be completed outside of class time. You can ask me questions about the assignment in class or outside of class.

Steps

1. Go to <http://jonraasch.com/blog/a-simple-jquery-slideshow> and click on the "Download the complete slideshow" link. (The files will download as a .zip, once they decompress you should see a folder labeled **simple-jquery-slideshow**.)
2. From the folder you downloaded open the work demo HTML file using Dreamweaver named **slideshow-example.html**.
3. In Dreamweaver, create a new website just like you would for any project with an **index.html** file. **Put the file into a site folder** like you are accustomed to and make sure to **site manage** your website in Dreamweaver. (2 points)

Note: You do not need to structure it with a header, navigation, etc., I just want to see that you understand how to build a slideshow.

4. Go to the **simple-jquery-slideshow** folder and **copy the jquery-1.2.6.min.js** file into your **new site folder** you created in Step 3. (2 points)
5. In your **index.html** file before your `</head>` tag closes **insert the following the following lines from slideshow-example.html: Lines #8 through #74** (1 point).
6. In your **index.html** file before your `</body>` tag closes **insert the following the following lines from slideshow-example.html: Lines #87 through #92** (1 point).
7. Copy your slideshow images into the site folder. (1 points)
8. Insert your images where the placeholder images are on lines #87 through #92. (2 points)

Mon. & Weds. 6:00 PM – 8:50 PM
119 Reisman Hall

9. **Test your index.html page in a browser** and your slideshow should be working! If not, there is probably an issue with something you copied over or may have a typo.

SUBMISSION

Email a .zip file of your slideshow site folder to me at behauser@cazenovia.edu by 6pm on 3/25. Assignments received after 3/25 at 6pm will be considered late and there will be a 10% grade deduction. The assignment will be a grade of 0 if not submitted by the following class day.

Grading Criteria

This assignment is 5% of your overall semester grade. Here is what I will be grading you on:

Student Name: VC 475-01 – Exercise 3: jQuery Slideshow		
Criteria Area	Score	Comments (if applicable)
Site Folder	0/1	
index.html file	0/1	
JS file in Site Folder	0/2	
Head tag elements copied in correctly	0/1	
Body tag elements copied in correctly	0/1	
Copying your images into site folder	0/1	
Inserting images into body code	0/2	
TOTAL SCORE	0/9 = 0%
